How to Transfer a Standalone License in SOLIDWORKS

SolidXperts

www.solidxperts.com
Here is the procedure, in detail, for transferring a standalone license off one computer to activate it on another.

**STEP 1** - Start SOLIDWORKS on the computer where the license is to be transferred.
**STEP 2** - Click "Help" on the top tool bar.
**STEP 3** - Select "Deactivate Licenses...".
STEP 4 - Choose the product(s) you'd like to transfer.
STEP 5 - Select "Automatically over the Internet (recommended)".
STEP 6 - Enter a valid email address.
STEP 7 - Click "Next".

You should now see a screen that says its been deactivated successfully.

STEP 8 - Click "Done".
STEP 9 - Start SOLIDWORKS on the new machine and choose “Activate My SOLIDWORKS Product Now” and click “Next”.
